

St Olave's Grammar School

St Olave's Grammar School's Publication Scheme Information available under the Freedom of Information Act 2000

The Governing Body of St Olave's Grammar School ("the School") is responsible for maintenance of this scheme.

Introduction - what is a Publication Scheme is and why it has been developed

One of the aims of the Freedom of Information Act 2000 ("FoIA") is that public authorities, including all maintained schools, should be clear and proactive about the information they will make public. In order to facilitate this a school is required to set out:

- the classes of information which it publishes or intends to publish;
- the manner in which the information will be published; and
- whether the information is available free or if a charge will be levied.

The School's Publication Scheme ("the Scheme") conforms to the model scheme for schools approved by the Information Commissioner's Office.

The Scheme covers information which has already been published and information which is expected to be published in the future. All information in the Scheme is available in paper form. Some of the information held by the School (for example, personal information) may not be made public.

Aims and Objectives

The School aims to:

- enable every child to fulfil their learning potential, with education that meets the needs of each child;
- help every child develop the skills, knowledge and personal qualities needed for life and work.

The Publication Scheme is designed to illustrate how the School pursues those aims.

Categories of information published

The Scheme is split into categories of information known as 'classes'. (These are contained in the section "Classes of Information" below.)

The classes of information that we undertake to make available are organised into four broad topic areas:

- School Information – information published on the School website.
- Governors' Documentation – information available from the Governing Body.
- Pupils & Curriculum – information about policies that relate to pupils and the School curriculum.
- School Policies and other information related to the School – information about policies that relate to the School in general.
- Financial information – including auditor's reports.
