

15 March 2017

Registered Charity 312601
c/o St. Olave's School

Dear fellow Parent / Carer,

Do you use Social Media?

If so, please spend 2 minutes to promote your PA's Mock Tests

As you know, our Familiarisation (Mock) Tests are the single largest fund raising event we have ever had and we are looking to raise at least 50% more than the £34,000 we earned last year.

If you use Facebook, please go to <https://www.facebook.com/StOlavesParentsAssociation/>

and click  **Like** and then  **Share** it with your friends and groups.

If you are a Twitter user with several followers, please do tweet "Nice to see St Olave's Parents' Association is offering free places for boys and girls at their Mock Tests. Details: www.saintolavespa.net" or retweet after searching on www.twitter.com for #MockTests

Not a big Social Media user?

Please collect A5 leaflets and/or A4 posters from School Reception. Ask primary schools to display the posters and distribute leaflets to parents with children there. Please also distribute them to tutors who offer coaching for grammar school entrance exams or ask shops to display them.

Questions? Please e-mail contact@saintolavespa.net. Want to help at the actual exams? Please e-mail volunteers@saintolavespa.net

With your help we can double the number of candidates at our Mock Tests. Thank you for joining us in Ensuring Excellence at our children's school.

St Olave's Parents' Association

"Factors that are important in determining high standardised test scores in children include parental involvement in the PTA" *Freakonomics* by Steven Levitt
